Filled with the inside stories that make up the exciting and innovative history of the Mercedes-Benz M-Class from its origins in Germany to its production at a newly constructed plant in America. Included are the people who made it happen and the innovative vehicle that eventually rolled off the assembly line in 1997. In less than five years, Mercedes-Benz went from initial designs to complete production. The entire construction will take place in a new factory in Alabama. The M-Class boasts advanced technology including very light fuel efficient V-6 and V-8 engines, 4-wheel drive unlike any other in the world, providing traction in virtually any driving situation.

This book provides a unique historical and qualitative review of ten foreign automakers with plants in developed North America from their early beginnings to their export entry into North America. It seeks to expand the knowledge of American and Canadian policymakers pursuing a new foreign motor vehicle assembly plant or Foreign Direct Investment.

This new edition of a well-established book is a timely response to the enactment during the past 3 to 5 years of new rules of civil procedure which are now in force, or are soon coming into force in the vast

majority of Caribbean jurisdictions. The third edition has been substantially revised and augmented to take into account the revision of the rules and covers the new rules in detail. The book also provides coverage of the recent case-law coming out of Jamaica and the Organisation of Eastern Caribbean States (OECS), under the new rules of civil procedure. This book is essential reading for students of Commonwealth Caribbean law as well as anyone wishing to get to grips with the new rules of civil procedure.
