more crucial than now  
for each of us to  
understand our  
government. In order  
to do so, we must  
understand  
economics, politics,  
and the difference  
between the two. We  
are the richest country

A sobering account of a disenfranchised American working class and important policy solutions to the nation's economic inequalities One of the country's leading scholars on economics and social policy, Isabel Sawhill addresses the
