“When it comes to  
growing revenues, not  
all dollars are equal.” In  
company after company  
that Sanjay Khosla and  
Mohanbir Sawhney  
worked for or

# Get Free Manual Focus07

researched, they saw businesses taking on more products, more markets, more people, more acquisitions—adding more of everything except what really mattered: sustainable and profitable growth. And in many of these companies — large or small, from America to Europe to Asia — every

# Get Free Manual Focus07

quarter became a mad dash to find yet another short-term revenue boost. There had to be a better way — an alternative to the scramble for mindless expansion. The answer lies in Fewer, Bigger, Bolder, a market-proven, step-by-step program to achieve sustained growth with rising profits and lower

# Get Free Manual Focus07

costs. The authors prove that given the right incentives, managers using this program can produce astonishing results in amazingly short time frames.

That's exactly what Khosla accomplished as President of Kraft's developing markets, which enjoyed eye-popping revenue growth from \$5 billion to \$16

# Get Free Manual Focus07

billion in just six years,  
while profitability  
increased 50%.

Sawhney, a professor at  
Northwestern's Kellogg  
School of Management,  
discovered a similar  
formula for stellar  
results when advising a  
portfolio of businesses,  
from Fortune 500 giants  
to technology start-ups.  
No matter how big the  
company or how

# Get Free Manual Focus07

difficult the economic environment, managers who use this seven-step program (“Focus7”) will learn how to make fewer but bigger bets and to create a virtuous cycle of growth. Fewer, Bigger, Bolder crosses the usual boundaries of strategy, execution, people and organization. Its framework shows how you can drive

# Get Free Manual Focus07

growth by targeting resources against priorities, simplifying your operations, and unleashing the potential of your people. By challenging the conventional wisdom about growth, *Fewer, Bigger, Bolder* is likely to ignite a vigorous debate throughout the business community. It's a game-changing

book that couldn't be more timely. Or more needed.
