The Patient, The Doctor and Bill Collector reveals the hidden truths behind the crushing wave of medical debt drowning more than 64 million Americans. Authors Robert E. Goff and Jerry Ashton know the inside story on medical debt. Each offers more than 40 years of experience inside the healthcare and collections industries. They team up to deliver a scathing indictment of America's healthcare system. In simple and forceful language, they detail how present approaches are rigged to fatten the wallets of big pharmaceutical companies, insurance monopolies, and hospitals. The medical debt collections industry also waits patiently for their turn at the trough. Beyond simply pointing out the mistakes and the greed, the two authors came up with a simple yet powerful solution: Buy medical debt on the open market, and then abolish it! Their vehicle is RIP Medical Debt, a non-profit established in 2013 for the purpose of locating, buying and then forgiving this debt as a gift to those struggling with unpaid and unpayable bills. One collections industry executive described this debt retirement plan as a "Robin Hood" approach.
