food handling and hygiene practices.

Foodhandler - SafeStaff

The purpose of this study was to look at links between restaurant food-safety inspections and certification of kitchen managers. What the Study Found. EHS-Net found that restaurants with kitchen managers certified in food safety were less likely to have critical violations on their inspections. Critical violations in six areas were less likely in restaurants with a CKM than in restaurants without a CKM: Staff. Food source and handling. Warewashing. Facility and equipment. Hot holding.
