The Kennedy Years. From the aura of idealism surrounding John F. Kennedy, the youngest person ever elected president, to the confrontations in the streets at the 1968 Democratic National Convention, the 1960s began as an era of expectation and hope and drew to a close in discord and division. Throughout the '60s, the country experienced upheavals created by an increasingly unpopular war, a civil rights movement that led to demands for ethnic power, and political violence on an unprecedented ...

Society

Using the Kennedy and Johnson archives to analyze the evolution of educational policy from the perspective of the executive branch, Graham finds that the central theme was executive planning through presidential task forces. Mission agencies, clientele groups, and congressional committees produced a cascade of education programs in the 1960s as the administration was collapsing under the weight of the Vietnam war, inflation, and collective violence, yet the last two decades have witnessed a decline in test scores and basic literacy. Originally published in 1984. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were

previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

Discusses the decade of the Sixties in America, the administrations of two Democratic Presidents, Kennedy and Johnson, and the war in Vietnam.

A firsthand observer weighs the achievements—and failures—of two fabled American presidents As a young White House correspondent during the Kennedy and Johnson years in Washington, D.C., Godfrey Hodgson had a ringside seat covering the last two great presidents of

the United States, John F. Kennedy and Lyndon B. Johnson, two men who could not have been more different. Kennedy's wit and dashing style, his renown as a national war hero, and his Ivy League Boston Brahmin background stood in sharp contrast to Lyndon Johnson's rural, humble origins in Texas, his blunt, forceful (but effective) political style, his lackluster career in the navy, and his grassroots populist instincts. Hodgson, a sharp-eyed witness throughout the tenure of these two great men, now offers us a new perspective enriched by his reflections since that time a half-century ago. He offers us a fresh, dispassionate contrast of these two great men by stripping away the myths to assess their achievements, ultimately asking whether Johnson has been misjudged. He suggests that LBJ be given his due by history, arguing that he was as great a president as, perhaps even greater than, JFK. The seed that grew into this book was the author's early

Read PDF The Kennedy And Johnson Years Quiz Chapter 19 Sections 1

perception that JFK ' s performance in office was largely overrated while LBJ ' s was consistently underrated. Hodgson asks key questions: If Kennedy had lived, would he have matched Johnson ' s ambitious Great Society achievements? Would he have avoided Johnson ' s disastrous commitment in Vietnam? Would Nixon have been elected his successor, and if not, how would American politics and parties look today? Hodgson combines lively anecdotes with sober analyses to arrive at new conclusions about the U.S. presidency and two of the most charismatic figures ever to govern from the Oval Office.

Read PDF The Kennedy And Johnson Years Quiz Chapter 19 Sections 1

Sundquist clearly and engagingly traces the development of many programs in what would become Johnson's Great Society as they developed over three presidential administrations. Education reform, poverty, the environment, social services and more are shown rising from America's post-war boom but taking years, and often much effort, to come into being. This history is more complete than even many individual accounts of given programs as it examines presidential influence, public opinion, changes in Congress, the rise and fall of interest groups, and how each can lead or be led by the others.

This second edition of Historical Dictionary of the Kennedy-Johnson Era covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. This book is an excellent
